

Bellini

Serves 6

Ingredients

1-2 Fresh Peaches, peeled with stone removed

1 750mL Bottle Prosecco

6 wedges of Fresh Peach

Instructions

1. Puree the prepared peaches in a blender or food processor. You will need a good 3/4 cup of puree.

2. Pour 2 tablespoons of peach puree into the bottom of each champagne flute. Add about 4 ounces of Prosecco to each glass. Top with a wedge of fresh peach.

Note: If you can't find Prosecco locally, use a nice sparkling wine that is not too expensive.
